Art is a device of communication between the minds. People speaking
different languages may interpret another man's poetry as gibberish.
art is a mindful meditation. it is innocuous to all life.
Art is not art until pranked into art.
Art is philosophy made material

"Art is something to be pissed on"nnDuchamp is a hateful man. Why work hard when you can tear down the virtue of others?
Art is stupid, it's supposed to be enjoyable, not frustrating
Artistic... 0.0
Art??? LMAO it was crap.
Art or joke about art: the distinction seems concocted for galleries' benefit.
Art or prank? Can't it be both?
Art? Or Prank?.... I guess you can call it Prart
Art or Prank? The question cannot be answered for the same reason that people cannot agree on "what is art?"

Back in the day, I dated a girl like that. Absolutely gorgeous!

back in the days

Back in the day. Smile!.

Back in the days when all men had glasses and 1970s beards... lol

Back in the Day when Simpsons was Funny
Back in the early 70's my Mother used to blast this shit on the stereo to
get me up out of the bed.
Back thennot too many people were fat
Back to No-Shit-Sherlock territory.
back to pokeball, you gone well;D
Back when Ariana was white
Back when artist had to be talented....
Back when blacks were real musicians and playing legendary music.
Nowadays? Sigh!
Back when character's actions actually had consequences.
Back when C was a high level language
back when grown ass men made music.
Back when ''japan takes over the world'' was a popular cliché
Back when mainstream pop music was respectable... Nowadays it's just crap.
We need Gaga to save pop music
Back when men still had testosterone rather than just soy.
back when people had talent an character love jb
Back when people were trying to figure out how to dance and didn't need
the singer to tell them how to dance.
Back when she was a little sane...
Back when Simpsons was funny
Back when the Simpsons was a good show, before it got all PC bullshit on
us.
back when the simpsons was awesome
Back when tutorials were intelligently included in the game instead of
lecturing you on how to play it. So rare to see that these days.
Back woman tripppppp, iam so highnconstantly doing the same movements

Global elitism to the working class "you need to live like slaves so we

Global fake news

Globalists using a naive mentally disabled child to push their agenda.
Global warming aside, this girl kinda creepy.
Global Warming is a fraud!
Global warming is a natural process.
Global Warming is as serious as listening to the advice of a sixteen year old.

global warming is the tax they just wont give up on. how much will the banks profit on a carbon credits market scam?

global warmingnnnnh<https://youtu.be/hL8V5kyBK6c>

Global warming now, global cooling when I was young....we are not in control of the earths cycle, stop the bullshit, please

Global warming..pfffft what about something more pressing like world hungernice act though

Global warming solutions: go vegan and drive a Tesla. Done and done.

Hempfeild High School Band 2020 field show
Hendrix, along with Alex Lifeson, are my biggest inspiration as a
guitarist. He is a pillar of history.
Hendrix fucking feeeeeeels that Star Bangled Banner. You gotta love it.
Hendrix is America...God Bless his rendition of our great song
Hendrix is left handed. Didnt know that...
Hendrix is the greatest guitarist of all time. Hands down.
Hendrix looking into the camera at 1:15 probably never even realising we'd
all be looking back 50 years later.
Hendrix Loved America
HENDRIX!!!!!!!!!!!!!!!!!! PLAY THAT GOT DAMN GUITAR!!!!!!!!!!!!!!!!!!!!!!
Hendrix talks to Trump. From the far '69
Hendrix was a master. This is so impressive.
Hendrix was from Mars, a true freak and the only genius to play electric.

Hendrix was NOT a shredder!
Hendrix was one of the first players to actually make a guitar speak..
He not only played his guitar, he also used the amplifiers as an instrument.
Henry Ford?
He peed on the to little guys
he played the whole vietnam war
He played what was happening in the world at the time. People who say this is disrespectful obviously don't understand what it means
He plays taps at 2:53
he pours the pabst. he fucking knows... some people actually do that....
He probably didn't want to be falsely accused of rape.
He purchased it which means he can do whatever the fuck he wants with it

Herb is similar to Homer.
Herb is such a terrible salesman, lol

Herb made a big mistake in getting Homer to design a car. Never trust Homer Simpson cos he's a dickhead.
Her brain has been washed big time. Someone needs to let her know its all a scam. With righteousness like this I hope she came hear on a sailboat
Herb really managed to curve the old Simpson's gene
herb reminds me of jordan belfort
Herb ruins the "all male Simpsons are idiots" theory.
Herb should have given Homer so much say on the design of the car. Maybe he wouldn't be ruined.
Herb talked a lot of shit, but in Hit & Run this thing was a beloved powerhouse.
Herb was one of the best secondary characters in the history of this show

Herb was too crazy.

Her handlers are child abusers. It's disgusting to use a kid to deliver your socialist nonsense.
Her handlers trained her very well, but you could tell it's all just a big act.
her in that dress <3
Her jaw is fucking massive, gross
Her last line was the only one that was actually true.Change is coming wether we like it or not if we don't stop the UN and agenda 2030
Her last quote "change is coming whether you like it or not" well then why is she up there being a drama queen mental case

Hero of all times. Frag mich nur öfter ob das nicht geplant war.

Her outfit as well like she looks so good

Her outfit Jinxed her!

her parents are antifa, this is literally child abuse and shouldn't be allowed, she is brainwashed and controlled, heartbreaking

Her parents are enjoying that Soros money.

Her parents are two social climbers that sold her off to be used for this ridiculous charade... so sad.

Her parents didn't hire her acting coach because he was the best, they chose him because he was the cheapest.

Her parents need to buy her a bike or some shit

Her parents really got their money's worth from acting classes. nJust a colossal load of garbage

Her parents should be arrested for child abuse!!

Her parents should be jailed. And she need some help

Her parents should be put in prison for encouraging and grooming this psycho, angry and hate-filled little b**

Her parents support and donate to antifa.

Her penis is bigger than mine...

His previous band complained about pay, so he fired them all got this band
together.
His range SLAPS ME ALWAYS!!!!!! He's still got it yo!!!
His rendition, to me, represented the civil unrest, unpopular war present
at the time, while still claiming his Loyalty to the American Dream.
His representation of bombs dropping will forever be some of the coolest
shit I've ever seen someone do with a guitar.
his sister is lovely :) great video
His smile and optimism : still there.
his spirit is just so warm and kind. You can feel it through his smile and
his laughs... Doesn't take knowing him to like him

"I dropped my monster hub cap for my magnum sized car"nnnWait that's not right

I'd say a head kick knockout is more effective than an armbar any day of the week. Holm had that bitch Ronda looking like a murder victim.

If a guy did this everyone would think he's just a frat party clown or call him a pussy.

I fail to see what is bad about a police force being better equipped, more organised, and incentivised to stop drug crime

I FAITH IN YOU BABY

if am not mistaken Bob marley had something to do with this!

if anyone has the time...nncome check out my experiment i just posted...you won't believe the results!!!! it went terribly wrong....

I LACK GOING TO SYDNEY

@ilackofcreativity HAH! Take that, Africa.

@ilackofcreativity I do not think that mentos and Coke are enough in Africa ...

Il dénonçait le guerre du Vietnam, à laquelle ont participé les USA de 1963 à 1975.

I learned one thing from the whole "mattress-girl" deal: if a chick says she went to Columbia, stay the hell away from her..

I learned something from reading the previous comment, that this is in tribute to Bob Marley. Never too late to start. Marvelous

I learned so much & don't drink coffee. The world is a big place.

I learnt a lot from Little Einsteins...nnnYeah, Even a fat, lazy cat would watch that! :,)

I learnt from this video that you can't fully understand UNIX unless you have a ragged beard.

I left my wife because she's a sex machine.

i legit feel like i saw this episode before..

Ile ja bym dała za płytę z taką muzyką! nPoza historią hip-hop'u jeszcze np. rock, pop, jazz...Mam nadzieję, że kiedyś powstanie taki projekt! :-)

Instead of giving people what they want, you're telling them what they want = tech industry in a nutshell
Instead of listening to people what they want, you're TELLING them what they want!
Is this Vince Mc Mahon talking?
Down with Roman Reigns!
Instead of listening to what people want we're telling them what they want! Seems right
"Instead of listening to what people want, you're telling 'em what they want." Sounds like today's politicians and most big marketing firms.
"Instead of listening to what people want, you're telling them what they want"
"Instead of listening to what people want, you're telling them what they want"
"I'm looking at you Brie Larson and Katherine Kennedy
"Instead of listening to what people want, you're telling them what they want!" Very true words all businesses should listen to.
"INSTEAD OF LISTENING TO WHAT PEOPLE WANT, YOU TELL THEM WHAT THEY WANT"
real truth

"Instead of listening to what they want, you're telling them what they want."

Instead of listening to what they want, you're telling them what they want. That quote literally sums up the entire commercial market of 2018. Instead of listening to what they want, YOU'RE TELLING THEM WHAT YOU WANT!!!

"Instead of listening to what people want, we're gonna tell them what they want" - 2019

Instead of Ronda playing Captain Marvel in a movie she should be Bat girl or someone of that nature. She would do better as a sidekick.

instead of turkey basters you can use long plastic icicle light covers for the side blades to give it that rough energy look. just a thought 😊

It's crazy because that's exactly what happened... She did get kicked in the head and lost. :/
It's crazy, but she basically just described the whole fight before it

@Iturnanewleaf Fine, where are you from?

i turned this on a lathe in my woodshop class. its very... detail lacking. it was also 10x harder than this, but whatever.

It was 72 years ago today

It was 72 years ago today. Sergeant Pepper taught the band to play.

It was a great theme

it was a great vision

It was already said, but that girl is fine. Somebody great grandma is rocking it.

It was a mess. He was fighting a primitive sound system. He was so much better.

It was a really big hit in Poland, I am suprised that so many of you dont know it

It was a true pleasure. Thank You :)

It was cool.

It was divine providence that he never went out of tune. Or, he did and just intuitively knew how to correct it.

it was featured on mythbusters

It will be 6months supply of diet coke in my house if they gave it to me
it will be better if you told us how mean floors the building's will have
It will change "newYork" heritage
It will kill you
It will not be the same watching this movie knowing that Robin Williams
died.....
It worked! (we both came)
it worked with a can of coke for me
It works, but a beverage that contains artificial sweetener + MINT mentos
works the best.
It works, lol tried it... :p
IT works perfectly, when i have Sex with myself.,too 😊
It would be absolutely amazing if you bought this act to the USA AND DID A
TOUR... I WOULD LOVE IT !!!!
It would be awesome if the audience suprisingly dance to harlem shake
it would be awesome if they did a Darth Vader one
It would be cool if they did some duets where they sing some of Stevie
Wonders old songs.
It would be fun if 400 meters skyscrapers become the new normal
It would be hard to take a knee to this badass rendition
it would be more funny if you drink coke then later eat mentos(swallow
it). LATER STOMACH EXPLODE LOL.
It would be nice if you had a Portuguese translation
It would be really amazing to see a rendering of New York City with all
the planned skyscrapers. 😊
it would be so cool if you filled a bathtub with coke and dropped a lot of
mentos and see what happens. :)
It would be so cool when I can travel to Sydney. I wait for this moment
for 3 years now
It would be very cool if you would do a video link this for cities like
Chicago, San Fransisco and Seattle. 😊🙌
it would but not as well – it is some artificial sweetener in diet coke
that makes this work so well that normal coke is lacking in
it would have been more interesting if he was wearing 2 wooden boards as
shoes.
it would've been funny if he drowned.

Kinda cool, but an INCREDIBLE waste of food....like products.
kinda disturbing how hes mimicing the sounds of bombs dropping and people
screaming
kinda just went down like that
Kinda makes dudeperfect look like a holes..... Just saying.
Kinda reminds me of the Bellagio in Vegas.
Kinda reminds you of that brat from Charlie & the chocolate factory.
Kinda sad someone that's a kid has to tell adults that are 3-4 times her
age how to save a planet
Kinda sad when it's all white people in the comments, kinda funny when you
know nMiles politics.

Kinda sounds like Danny DeVito
Kinda sounds like Danny devito
Kinda think she's gonna knock her out in the first round. But hyping it up

Kinda weird seeing stars in movies after they're dead... but it seems to
be the trend a lot lately.

kind of a waste of resources but w/e still cool
kind of bent..nas hell.nAlso, that was all photoshopped
kind of disappointing that CHOPIN IS BASICALLY NONEXISTENT on this list...
Kind of like a redneck version of Fastasmic and World of Color....nnBut
still cool. =D
Kind of sad that Dvorak's Humoresque didn't make it.
Kind of sad to find out he was an extremely abusive and violent person.
Talented and a charismatic performer for sure but he shouldn't be revered.
Kind of surprised that Holst's Mars was on here but not Holst's Jupiter

Miyamoto and... Tezuka or Konno?
Miyamoto blows at his own game!
Miyamoto created an invisible tutorial and most AAA games cant even do that in 2018.
Miyamoto CREATED DIS GAME
Miyamoto died on the first Goomba, now I feel better about myself.
Miyamoto is a goddamn genius
Miyamoto is a legend thanks for creating Super Mario Bros the best game ever
Miyamoto is always smiling whenever he talks about Mario.

Miyamoto recently looks so happy because of Mario Maker! n_n
Miyamoto sama is the reason my childhood was as blissful as it was.
Miyamoto-san, Mario had been 3D before Mario 64! Legend of the Seven Stars!
Miyamoto's approach to this is brilliant.
Miyamoto saw game design differently than others at the time: something meant to be simplistic, artistic, and most importantly, fun!

Miyamoto seems really nice and happy
Miyamoto's gregarious and idiosyncratic demeanor would perhaps appear more charming if Nintendo wasn't in the sorry state it's currently in.
Miyamoto should be immortal
miyamoto so good he Plays without controller
Miyamoto's smile is so contagious

New york ❤️
Newyork 🥰🥰🥰🥰
New York and the rest of the US is falling....cannot keep up to the rest of the world....this is a perfect example of what greed does to us....
New York City has the second largest number of skyscrapers in the world.....after Hong Kong.
New York city is the last place in the US i would ever want to live or even visit.
New York didnt used to set the skyscraper style, Chicago did. Only now with super skinny skyscrapers does New York trendset.
New Yorkers have learned their lesson FAST !nnow they're building skyscrappers so paper thin you can't hit'em even with a Boeing 747 LOL
New York has got to be the coolest city in America, loved this video
New York is amazing
new york is a model city! love from china! btw, skyscrapers in Chinese big cities are also incredible.
New York is beautiful!
New York Is Beautiful! <3
New York is just too big and beautiful. I just love it!
New York is undoubtedly the greatest city ever .
New York is way behind Asia!
New York Is Where id rather bee
New York - My favourite city (outside my hometown of course...)
New York needs to build a skyscraper to beat the Burj Kalifa
New York needs to build the tallest structure on earth... until then these skyscrapers will be; nice try, but no.
New york . One step closer to luc besson's vision.
New york should build more skyscrapers and regained the status of the best cities in the world..
New York's skyline, is constantly changing. The architecture, is substantial.
New York's skyline will continue to be the envy of the world.
New York: the city that never sleepsMecca: hold my Zam-zam

New York the greatest city in the world is just getting greater and greater.

Perhaps Bjork heard this, too. Fascinating!

Perhaps F&N should perform the same show during their next opening of new Coke factory.

Perhaps she should target the no. 1 polluters and danger to the world – India and China. But nope, she picks the soft target – the Western liberal.

Perhaps the greatest piece of emotion a guitar has ever conveyed. Jimi will never die, legends generally don't.

perhaps the most powerful of early funk! This song was a game changer.

Perhaps too much Powah n Soul...Good Gawd!!!

pretty cool! =)

pretty cool! btw whats the genuine comment to spam ratio on this vid?

'pretty cool'= fucking dirty and depressing as hell

Pretty cool kylo ren costume, could you make a darth vader costume that's cool. Because I love darth vader. Kevin Greenfield.

pretty sure everyone will see this movie only because of robin williams and ben stiller, maybe others, yes i agree he was a legend

pretty sure i'm just seeing this now bc i've been deep diving in ari videos and this was just in my recommend. tragic.. it's a good song

Pretty sure this is how things went down with Disney and Rian Johnson.

Pretty sure this YouTube Channel was made in 1980

Pretty weird editing on the video, dubbing (their own) words over people's

mouths. 20:33 for example.

Pretty well synced – like a fountain, with dietcoke and mentos!!!

Pretty Woman. Gaga just beautiful. Gaga in france on 7 days. ^^ :)

Prevazisla si sebe zvijezde su se probudile 🥰🥰🥰

Probably going to play this song in front of my neighbors at the block party

probably has less carbonation than the american version, or your mentos dont have a certain property that can cause this chemical reaction

probably not very – diet coke has no sugar and mentos has only 2 grams and it's not liquid.

Probably one of the most hipster bunch of things I ve have ever seen XD

Probably the AMC gremlin was designed by Homer Simpson

Probably the best car in Hit N' Run

Probably the most important and amazing piece of music ever played on six strings. I wish I could tell him how much i respect him.

Probably the most overrated album in the history of music.

Probably would of been fine if the cost was greatly reduced.

Sadly few people will know what this song is. It is sad that there are not enough Christian people on the internet. Awesome video, love the song

Sadly, groupthink and mass-hysteria are the rule of the day. The 2012 election results are proof of this.

Sadly, Homer represents the average consumer in America.

Sadly nothing is going to happen, our politicians are too corrupt to change their ways.

Sadly people nowadays hate sloppy playing like what hendrix and page did.

They were true musicians. Improvised on the spot

Sadly, she is talking more about her parents than climate. Her parents stole her childhood

Sadly that uncle Herb never seen in the new Seasons...it's a cool

sad that they didn't win a golden globe for it </3

Sad to see a child brainwashed and used as a prop. Its child abuse really.

Sad to see a child who is high on the spectrum being exploited

Sad to see this brainwashed child used for a political agenda. Who wrote this drivel for her anyway?

Shall this song once .be sent into space in a satellite and get caught and give the groove To anyone far beyond !

Shame....

shame its the single overlaying the live

Shame on her parents for raising a self-righteous child who uses a public pulpit to spread uneducated fearmongering.

Shame on those people who unlike this video

Shame on you Stevie Wonder for supporting this culture vulture.

Shame on you trolls, I hope you are paid well enough to troll a young teen talking more meaningfully than your lives will ever amount to.

Shame the crowd only really knew or reacted for Em n Dre, Missy and Beyonce though.

Shame this is not live it's the album track with added visuals. Good editing they have looped Bobby's 'get on up' several times to fit the video.

the left loves lifting up child leaders for their movements bc it's not
about facts it's about emotions, if only puppies and kittens could talk!
The left sinks lower and lower. Now they are using their special needs

The only black people band..Damn racism...
the only child who finds the best excuse to skip class. deserves a nobel

THE ONLY FEMALE I WANT TO PUNCH IN THE FACE
The only funny part of this was "SORT OF"
The only good part about this video is that he's doing it to raise tuition
money for poor children. For that, he gets a thumbs up!
The ONLY great part of this song is 0:00 to 2:03!
The only man that could "Take it to 11" and not lose control of his
guitar.
The only mattress she should have is one in a prison cell, for trying to
send someone else there to keep up her own lie.

The only part I like is the ending -- Two reasons: The burned body and
bed at the end is kind of funny. Two, the song is OVER
The only part that she got right is that she shouldn't be up there.
The only problem is: they're all UGLY.
The only reason I'm here is because of Cars The Movie, mainly the part at
0:34.
The only reason I would watch this is because it's probably robin williams
last performance.
The only reason you should be kneeling when you hear this, is to thank GOD
you live in the United States of America
The only solace I can get from something like this is that she won't last
long in the real world, especially after she gets fucking sued

The only thing I could think of throughout this video was that this can
not be good for the grass...
The only thing I enjoy here is a microphone headed girl dancing in the
background. She is nice. The rest is boring.
The only thing I'm wondering is who tf is billy shears?
The only thing she rips is my laugh
The only thing that I have in my mind is... THE MONEY UFC IS GONNA GET WITH
THE REVENGE!!!!!!!
The only thing that will change is the climate. If humans are this stupid,
then I say let it eradicate us.
The only version of the Anthem that worth standing for
The only version of the U.S. national anthem I will listen to for at least
the next four years.
The only version of this song that has meaning for me. From now till the
day I die.
The only version that gives me chills...
The only version worth standing for!!!
The only way to change things is to get rid of all the corrupt governments
in the world
The only way to fight climate change is to allow the UN to tax your
country! LOLOL this little tard , I can see the puppet strings.
The only way to stop climate change is to put smog devices on every
volcano in the world, little girls can't do that..!

This tweet has a larger carbon footprint at 16 than my entire family.... including the coal miners. She will be a footnote in the history books.
This type of music fits her voice so nicely. Such a good song

This useful tool doesn't belong at the U.N., she belongs in a psycho ward!
This version is great but the 10 minute one (on the Sex Machine album) totally smokes it
This version of SSB is also used in the spec ops the line main menu
This version's gonna be a lullaby, compared to the one, expressing Trump's state of the nation.... ! (just a thought...)
This version sounds awful, can we stop getting these shitty remasters of classics?

This was a great episode.
This was already done on the graham Norton show, better, a while ago.
This was amazing
This was AMAZING!
This was amazing. Busta Rhymes, Eminem, Ludacris, Lil Wayne and Rick Ross. These guys have given us great jams as well.
This was amazing but you can tell this wasn't a hip hop crowd. The only reacted to overly commercialized hip hop songs. lol
This was amazing, The legend featuring The Future of Music 🥰👏👏👏
This was a protest jam btw. Just a point I wanted to make concerning the current climate of U.S. of A!

This was before Snapchats big eye filter so we all know now where that filter came from.
This was clearly NOT in 2010 if they where pkaying anaconda by nicki minaj
This was cool. Though I was hoping they would do Kanye's more cinematic pieces like "Diamonds" or "Touch the Sky".
This was cool when it came out however Sly & the Family Stone did a much better version!
This was delicious 🍷 The bass makes the beat feel like orgasms to the heart
This was done before with Daniel on The Graham Norton show with some of these exact pictures but Jimmy did have some new ones

This was made 2 years ago people
This was made in 2006? Omg that was a very long time. Anyway? Who's watching in 2017?
This was "Miles" ahead of its time. Sounds as innovative, fresh, and far-out as it did 45 years ago!
this was music good for ur soul
This was music. Not like the stuff we got now
This was music. This IS music. This WILL BE music. Not Niki Myassrealbig Minaj.

This was my very first album ever. Given to me by the parents of the kids I was babysitting in 1972
this was neat.. they did it on mythbusters, these guys have done other things with coke and mento's..
This was no wave/noise rock before it was an actual genre in the mid-1970s. Blaring, abrasive and confrontational electric feedback.
this wasnt apprecaited properly..come do a show in london
This wasn't a protest. This was for every American soldier before and after.

This was wonderful!!!! King Duchamp!!!
This weird lunatic needs to be put in a nut house.

This woman is a disgrace to humanity.
This woman is an amazing dancer.
This woman is a toothsayer.
this woman is extremely overrated.
This Woman is the Sex Machine
This woman is twisted.
This woman needs to get a rematch ASAP, and try and put things right. Lets
see if she's could turn things around.
This won't age well.
This works
This world is doomed the words of a coached little girl will not save
anything.
This world is full of loonies. ...next thing you know, the media will
stooped to interview a newborn to get his/her views.....
This world is mixed up with everything
This world is so funny.
This world is trash while we all fight each other, rich people are fucking
us.
this would be a good idea for our chmistry lessons at school!
this would be better in the destroyer's den.
This would be better it someone would mix that silly trumpet out.
This would be interesting, this Holly Holm lady is not gonna be a 1 minute
affair. Ronda better watch out!!
This would be much more effective if she was not so angry...
This would be much more relatable if she weren't bending every time to
read that script she was given
This would have gotten more likes if the title was accurate: Shaloin monk
runs atop water boards for 125 meters, sets new record
This would make a wooden leg dance
This would never happen in 2018. Unfortunate. I mean not another jimi
hendrix but with all the sjws and shit today like colin fapernick.
This would've been a lot cooler as a parking structure rather than a new
car sale
This year might of been shit for the rest of us but it was excellent for
Ari
This young lady is truly an inspiration and hope that she can lead a
nation, the world into change for a better future !👍
This youtube channel needs a "mute" button that only mutes Fallon's
inauthentic opinions, laughs, etc (basically every word out of his mouth)
this youtube shit youre makin takes commitment, subscribed, well met
thiw music should be in the lullabies section. For adults.

Those 2.9k dislikes came from Mr.Paker from Friday 😂

Those 2 guys must have the sticky'est clothes in the world after shooting that video ;)

Those acting classes are really paying off

those arent diamonds in her shoes those are flowers

Those are some epic costumes

Those are some old computers lol

Those are the Same American Audiences who were clapping hysterically when they introduced the new stove iphone camera ...Mental

Those assshots that laughed...

Those awesome guys must STILL be sticky!;)

those beards!

Those cartoons were beyond sheiiiiit absolutely crap !

Those downvotes

Those dumbass SJW would rage WWIII on this video if it'd be released in 2018.

those earphones are beast.

Those electric wires are fascinating me :o|

those end-credits fucked me up

Those folks look like they've been on a really long tour and are super tired. Fantastic performance regardless!

Those fucking roll-ups! I cried with laughter and angst at the sight of them.

those glasses, that hat, is YSAC a libtard?

those guys are the eepybirds.

those guys must have been drenched in coke

THOSE GUY'S SMOKE WEED FO-SHO!!!!!!

Those guys were awesome - good job they spat it out at the end because

Diet drinks are Poisonous

those hands you place in the view of the camera at the beginning of the videos always fucking haunt me

Those he GET As BACK

those high notes though

Those Indian ladies really swing their tails when they walking. Wow

Those in power only care about money. The world is mostly filled with evil. The American government is a prime example

Those keyboards are sexy

Those legs!!!

Those legs on that woman!! Omg!!! 😊😊😊

Those little tiny planes turn wayyyy more crazy than large commercial jets.

Those lyrics were very racy at that time

Those men are treasures

those mentos would be in my tummy if i was there.

Those numbers are merely estimates. Guesses really.

Those offices... shows that everything comes back into style eventually.

Where I work is the same, garish-coloured walls and glass partitions

Those opportunist fuckers turn this funny experiment into some kind of stupid show. Now they must be getting money from this.

Those pauses in the beginning... So long.

Those people have just made a very large amount of ants very happy

Those people that have been feeding this poor girl all these lies and

scaring the hell out of her should be arrested for child abuse
Those planks are connected with ropes?
those poor skinny dogs
those snapshot photos kind of ruin the flow of the video. Otherwise enjoyed it
Those super slenders are mega cool
Those tall super skinny towers are the ugliest most unimaginative pieces of architecture I've ever witnessed.
those that disliked this should have been aborted
Those three should come to europe. USA and GB are fucked...
Those tools and resources to build a lightsaber costs more than the store buy one for 12\$ in the store is it that hard
Those two little dudes are the best part of the film hands down
Those ultra thin skyscrapers are not nice to look at. To me, they ruin the skyline to an extent.
Those UNIX beards... so not a good look.
Those who have disliked this video clearly have a problem with the truth.
those who love lady gaga wiiii thumbs up
Those who take life seriously are idiots.
Those wires overhead are dangerous.....they are not up to U.S. Safety Standards and they kill folks sometimes, especially when it rains...
Thought they were gonna unveil a ford pickup
Thought this just came out. Turns out I'm late to the party again lol Good song 😎
thought this was a tribute to george michael
Thousands of dollars for a OS...but if it wasn't for Unix there wouldn't be GNU/Linux
