

# Mixtape

flute, violin, keyboard, double bass

Simon Bahr

2022

# Preface

## Instruments

Alto Flute / Piccolo | Violin | Piano | Double Bass

The score is not in C. Accidentals apply for the rest of the respective bar.

Microtone accidentals indicate slight deviations from tempered pitch in 6<sup>th</sup> tone steps.

## Use of Repeats

A main feature of this piece is a specific use of repeats: Many passages are repeated multiple times, but varied by one or more instruments according to an instruction given in the score.

E. g. the following instruction

tells the player to play the material notated below the dashed line in the 1st and 3rd repeat only.

Generally speaking, the player is free to play any note marked by such a line or replace it with a rest. Accidentals, dynamics and any other kind of instruction that refers to multiple notes will still take effect even if the note they are attached to is not played. E. g. if the player decides to not play the last two-note chord in the marked sequence of the following example,

the consecutive chord after the marked sequence would still be played *arco*.

The different types of instructions for selecting notes in each cycle of a repeat are the following:

- not in *nth* / last cycle      Do not play in *nth* or last cycle. Play ad lib. in any other cycle.
- nth* (and *nth ...*) cycle only      Play all notes in *nth* (and *nth ...*) cycle! Never play in any other cycle.
- first / last *n* cycles only      Play all notes in first / last *n* cycles! Never play in any other cycle.

- pick *n* each cycle      Pick *n* notes in each cycle. Replace all other notes with rests.
- decrease / increase / vary density      Decrease, increase or vary the amount of played notes over the course of all cycles. When increasing, start with very little notes. When decreasing, start with many notes. When varying, change the density of notes ad lib.
- vary note duration      Change the duration of the indicated note in each cycle.
- 1st cycle: *x* / 2nd cycle: *y*      Play the upper or lower voice or staff in the indicated cycle.
- even cycle: *x* / odd cycle: *y*      Play all notes of that voice or staff.
- choose voice each cycle      Play the upper or lower voice in the indicated cycle. Play all notes of that voice.
- fade in / out      Choose a voice in each cycle and stick to that voice until the end of the cycle. Play all notes of that voice.
- never everything in one cycle      Scale all dynamics over the course of one or more cycles in order to obtain a smooth fade in (first cycle or cycles) or fade out (last cycle or cycles).
- single notes only      Never play all notes of a passage in a single cycle. Try to play noticeably different material in each cycle.
- Include two-note chords sometimes      Only play a single note at a time. Choose notes ad lib.
- upper and lower voice in each cycle      Do not only play single notes, but also include two-note chords.
- ↑      Include material from both voices in each cycle.
- ↑      Play the lowest note in chord in the 1<sup>st</sup> cycle, the second lowest in the 2<sup>nd</sup> cycle, etc. Play single notes only.

Sometimes a note should be held over the course of all cycles of a repeated passage or even longer. These notes are accompanied by a circled arrow:

There may be different dynamic markings for different cycles. E. g. *1. f / 2. ff* instructs the player to play forte in the 1<sup>st</sup> cycle and fortissimo in the 2<sup>nd</sup> cycle.

Also, dynamics are free to choose within a certain dynamic range in some passages. E. g. *f ↔ fff* instructs the player to choose as well as change the dynamics freely between forte and fortississimo to support the individual constellation of material selected for the current cycle.

# Flute

air

unpitched air sound with given fingering

ram

tongue ram: close embouchure hole with tongue (sounds a major 7<sup>th</sup> lower)

flz.

flutter tongue

pizz.

pizzicato using either lip or tongue

# Violin

Only play vibrato when indicated.

a glissando modulated by a rather irregular and large vibrato

clb

col legno battuto: percussive stroke with wood of bow

guit. pizz.

guitar style pizzicato: hold instrument in front of chest and plug strings with fingers

strumming

strumming (guit. pizz.): strum chord with thumb or multiple fingers as if playing guitar

thumb tremolo

thumb tremolo (guit. pizz.): tremolo using thumb when playing guitar style

# Keyboard

A full-range keyboard with 88 keys (midinotes 21 to 108) must be used. A sampler file (sfz file format) is provided. Each key triggers a different soundfile in eight different velocity ranges. The sonic material sometimes differs between velocity ranges on the same key, but will usually be similar.

Between the lowest key and b3 (midinote 59), most samples are looped beats. In this range of the keyboard, it is extremely important to play very precisely on the beat, as the other players will be adjusting to the internal tempo and rhythm of the triggered beats.

Between c4 and c7 (midinote 60 to 96), the keyboard functions as an electric piano (“Fender Rhodes” style sound). However, some keys add some drum sounds or other sounds when a certain velocity threshold is reached (usually *ff* and *fff*).

Above c#7 (midinote 97), a set of soundfiles with altered voice material is placed. They are used in part **J** and **K** to play a sampler solo.

In repeats with cycle-based variations, a dashed line indicates variations (as described above) for one staff only – one line never applies to both staves!

# Double Bass

Only play vibrato when indicated.

ccb (con crini battuto)

con crini battuto: percussive stroke with bow hair

The musical score consists of four staves: A. Fl., Vln., Key., and Db. The piece starts at measure 46 in 8/8 time and changes to 4/4 time at measure 85.   
 - **A. Fl.:** Features a melodic line with dynamics ranging from *mf* to *ff*. It includes performance instructions such as *pizz.* (pizzicato), *flz.* (flautissimo), and *acc.* (accelerando). A bracketed section from measure 85 to 90 is labeled "2nd cycle: upper voice", while the section below it is labeled "1st cycle: lower voice". The section ends with the instruction "To Piccolo".   
 - **Vln.:** Provides a rhythmic accompaniment with dynamics from *p* to *fff*. It includes instructions for *clb* (col legno) and *ord. fast tremolo*.   
 - **Key.:** Features a bass line with dynamics from *f* to *fff*. It includes a *5* (fingerings) marking and *8* (octave) markings.   
 - **Db.:** Provides a bass accompaniment with dynamics from *f* to *ff*. It includes *pizz.* instructions and a *3* (triplets) marking.   
 - **Common Instructions:** *acc.* (accelerando) markings are present across all staves, indicating an increase in tempo towards the end of the piece.

The musical score is arranged in four staves. The Piccolo staff (top) begins with a rehearsal mark 'H' and a first ending bracket labeled '4x'. It features a melodic line with dynamics *f*, *mf*, *f*, and *mf*, and a second ending bracket labeled '3x'. The Violin staff (Vln.) has a first ending bracket labeled '4x' and a second ending bracket labeled '3x'. It includes performance instructions 'arco vibrato' and '(arco) (vibrato)'. The Keyboard staff (Key.) has a first ending bracket labeled 'last cycle only' and a second ending bracket labeled '1st cycle only'. It features a complex melodic line with dynamics *f*, *mp*, *f*, and *mp*, and includes a triplet of eighth notes. The Double Bass staff (Db.) has a first ending bracket labeled '4x' and a second ending bracket labeled '3x'. It features a rhythmic line with dynamics *f*, *mf*, and *ff*. The piece concludes with a 4/8 time signature.
